Hi and thanks for purchasing from Unio.

About The File:

“Cosmetic Tube Mockup” is specifically designed for presenting any cosmetic brand. Showcase your design on social media or in your portfolio and enhance brand awareness.

Create amazing presentations within seconds with this user-oriented mockup through the flexibility of Smart Objects and the intuitiveness of several layer effects.

Although this Photoshop document preserves every detail from the original DSLM snapshot, any detail is customisable to match the brand’s identity.

Please consult the provided walk-through guide for any advanced editing.

Freebie Specifications:

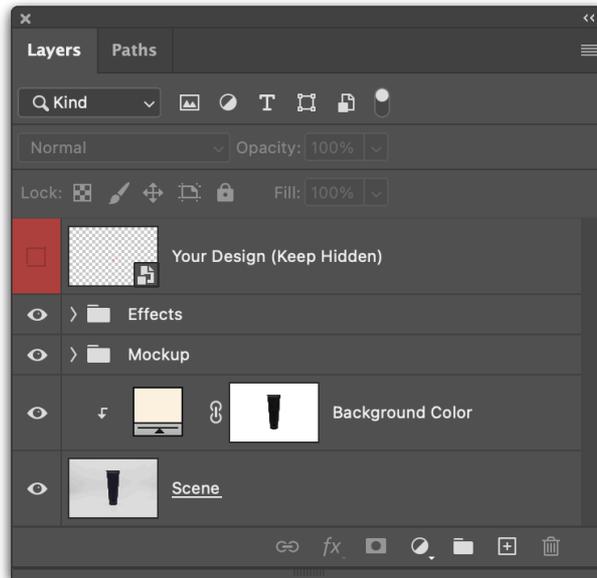

- Format: .psd
- Software Requirement: Photoshop CC

How-to edit Files:

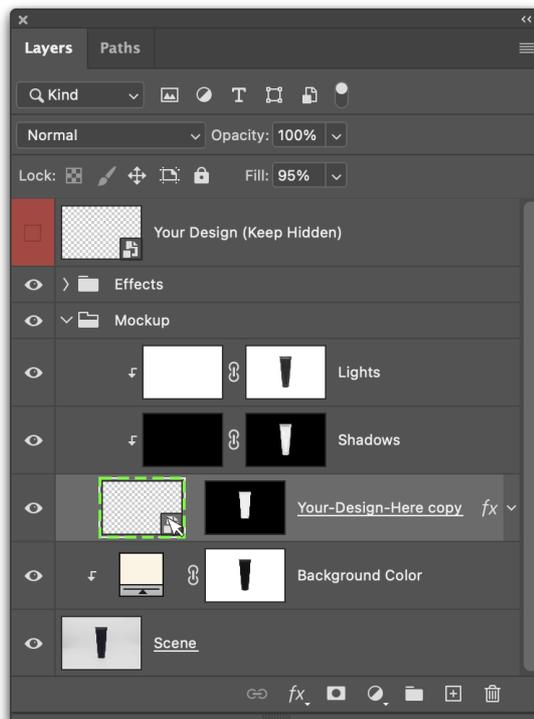

This product requires Adobe® Photoshop® CC for any editing purpose.

Layers main view:

How to place your design via smart-layer:

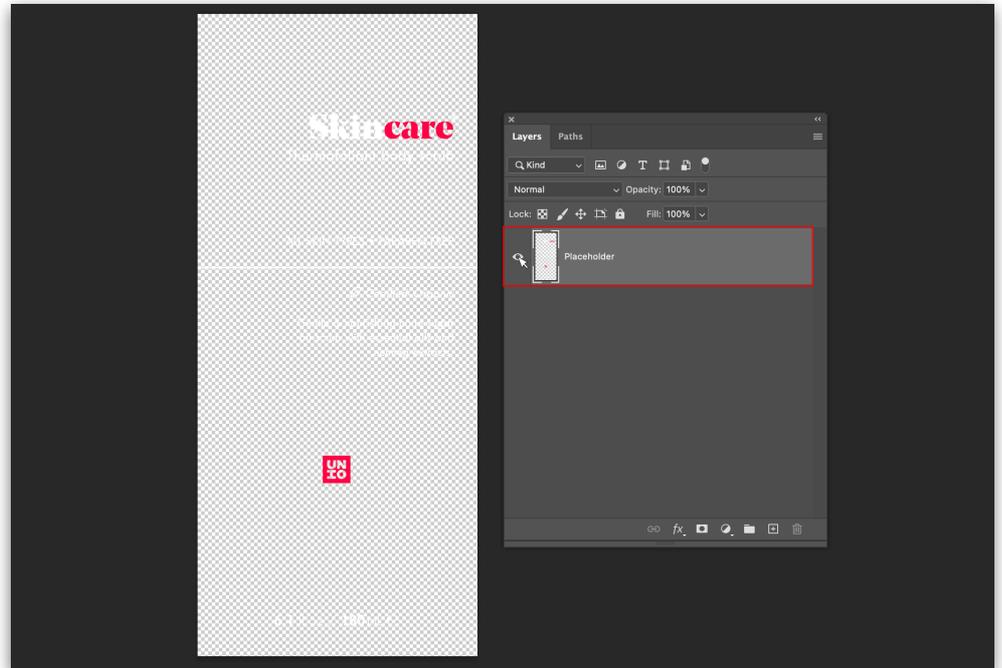

Navigate through the main layers panel, and *Double-click on the smart layer “Your-Design-Here copy”*.

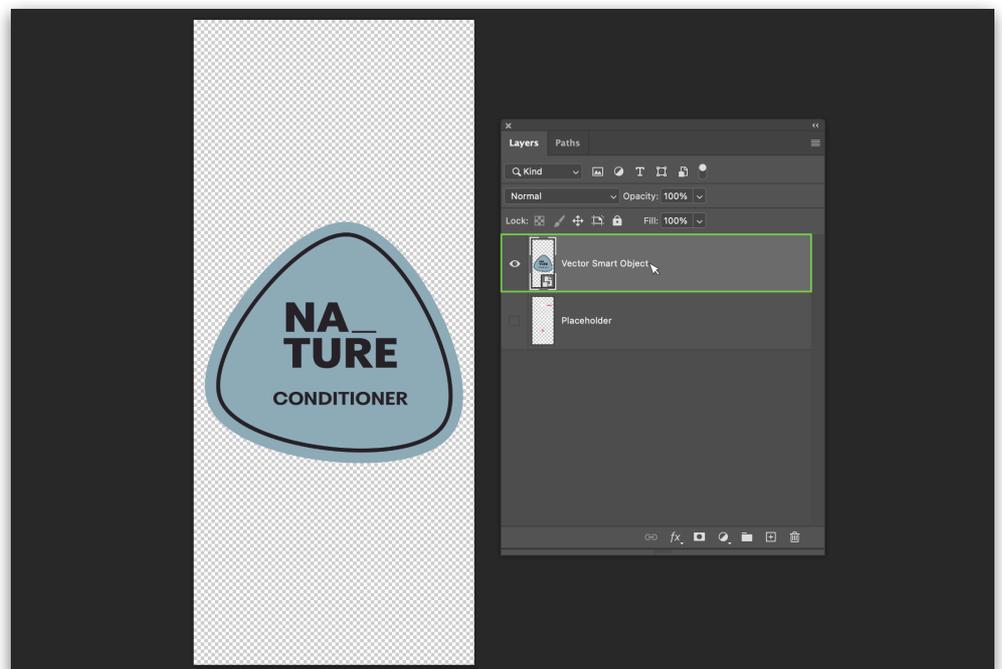

Continues on next page

◆ **Place your artwork:**

Once opened the smart layer, click on the Layer Visibility (eyeball) icon to deactivate the “Placeholder” layer.

Once the layer is hidden, place your design on top, as shown;

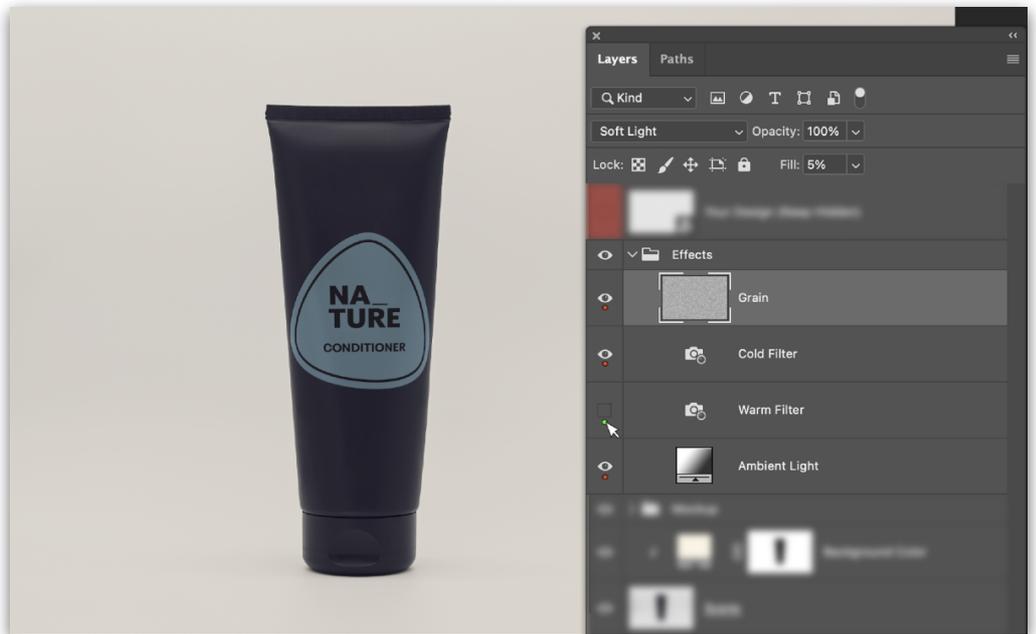

Now hit *Cmd+S* (MacOs) or *Ctrl+S* (WinOS), and switch back to the main tab of this mockup, your design has now been saved.

Continues on next page

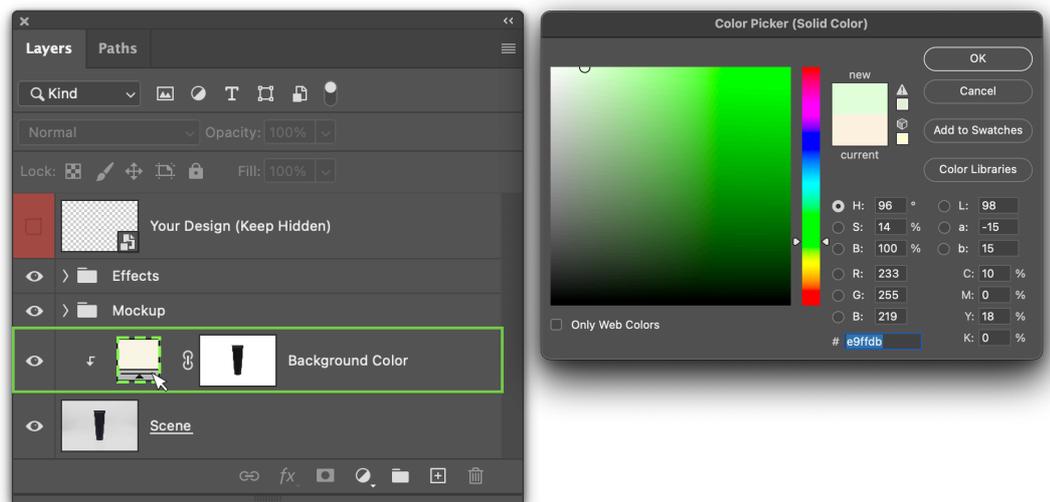

How to activate extra effects:

Navigate through the main layers panel, then expand the "Effects" folder. Simply click on the Layer Visibility toggle box to activate or deactivate any included effect.

How to edit background color:

Navigate through the main layers panel, then expand the "Mockup Scene, incl. Background Color Editor". Now double-click the color picker included in the layer named "Background Color", as shown;

Now hit Ok, your favored color has been applied to the background.
